# A LOOK INSIDE ABILA MIP ADVANCE™

Abila MIP Advance™ broadens your ability to handle financial complexities with confidence and ease.

Take a look inside our True Fund Accounting™ software, inspired by and built for nonprofit and government accountants, just like you.

## DASHBOARD

MIP Advance's™ dashboard is financial transparency at your fingertips. The dashboard is role based, so it's customized to present just the key performance indicators (KPIs) each person on your team needs to get his or her job done. For example, the financial data a CFO sees is different from what a program manager or clerk sees when logging into MIP Advance™.

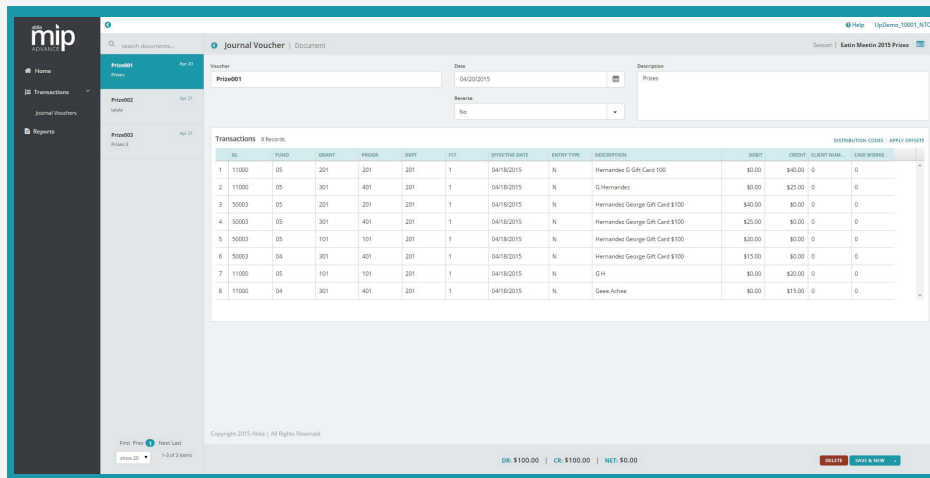

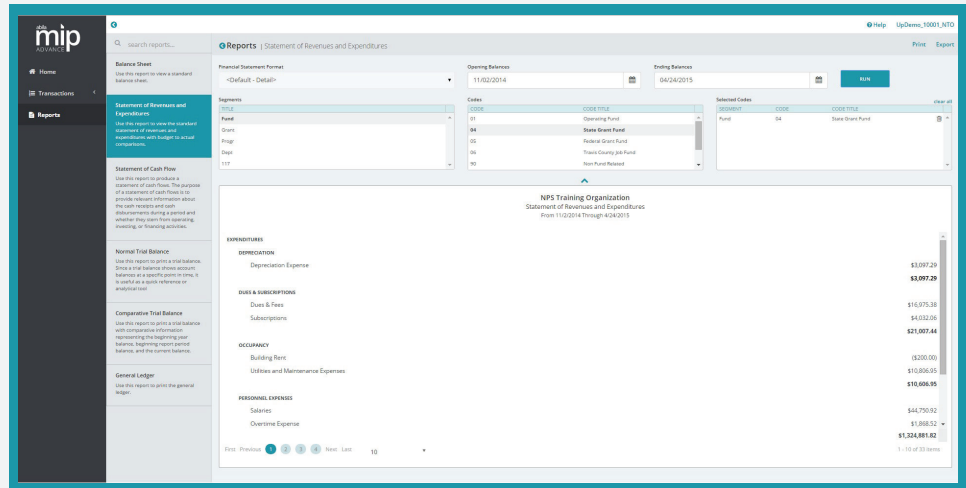

## DRILL-DOWN CAPABILITIES

Additionally, the dashboard offers easy-to-use, drill-down capabilities for greater insight into the numbers; clean, clear graphical representations of data; and mobile operability for on-the-go access to financials.
