

# DON'T DO PAPERWORK. DO GOOD.

MEET ZENGINE, WIZEHIVE'S ALL-IN-ONE APPLICATION-MANAGEMENT SOLUTION FOR NONPROFIT ORGANIZATIONS.

Your to-do list feels endless but your resources, finite. Ready to remove some of the unnecessary admin hours you spend chasing down applications, reviewers, transcripts, and reports for your programs?

WizeHive helps foundations, charities, and other nonprofits simplify and save time with Zengine, a cloud-based platform designed to streamline the collection, review, and management of applications for grants, scholarships, fellowships, and countless other programs.

End email chains, file folders, and bloated spreadsheets. Stop working in separate systems for each kind of program you manage. Zengine lets you do it all easily in one cloud-based platform, even integrating with other systems, simplifying your life.

Zengine is the only platform that:

- Can be tailored to your process, not the other way around
- Can easily manage multiple application processes, from grants to scholarships to fellowships
- Can integrate with more than 1000 other software programs, including GuideStar, for the ultimate in streamlining solutions
